EMERGENCY EVACUATION PROCEDURE

The goal of the Emergency Evacuation Procedure is to move more than 1,000 members of the school community to the Assembly Area/School car park in a rapid and safe, yet orderly fashion.

Once assembled, a headcount of pupils and staff is taken and cross referenced with Attendance Registers. When the School's Safety Officer/ Principal has given all clear, students and staff return to the school premises and resume their normal routine.

In the event of an evacuation, our priority is the safety of students and staff at school.

Should a fire start in any building on the campus, a member of staff should raise the alarm.

- The alarm will then sound **throughout** the school.
- The alarm will sound for a **minimum** of 2 seconds.
- The alarm will continue to sound until the fire or fault is found.
- **All** students and staff should **immediately** evacuate the school.
- An automatic signal will go to the Civil Defence authorities, and the authorities will contact the Facilities Manager or, after normal school hours, the Head Caretaker and Security.
